

SENIORS' HUB PROGRAM - IMPORTANT NEW COVID-19 PROTOCOLS

updated April 19, 2022

Capilano Community Services continues to take safety precautions to protect our staff, volunteers, and program participants from COVID-19. Modifications have been made to our programs and services to ensure your safety and well-being. We recognize that everyone has different comfort levels related to COVID and may choose to take additional safety precautions. We encourage everyone to continue be kind and respectful of each other, our volunteers, and our staff.

In order to participate in Capilano Community Services programs or events you must:

- Have no symptoms of COVID-19 and agree to inform us if you test positive for COVID-19
- Accept the risk of possible illness due to your participation
- Report to a staff member if you feel unwell before, during or after participating in a program hosted by Capilano Community Services

For Participation on the Seniors' Hub Bus Trips:

- Windows will be opened (weather permitting) to create air flow.
- Hand rails, arm rests and other high-touch areas will be disinfected prior to passengers being picked up, and before passengers return to the bus from their shopping trip that day.
- All passengers are encouraged to wear a face mask at all times when on the bus. Passengers are encouraged to bring their own face masks, but if this is not possible, a non-medical disposable mask will be provided.
- Hand sanitizer will be provided to all passengers prior to entering the bus, both when being picked-up and when returning to the bus after shopping.

Thank you,
Seniors' Hub
Capilano Community Services Society
